

TJ Series Refrigerators/Freezers

For Your Galley or Cockpit

TJ18-SS with mount flange shown

Luxury meets performance and top-of-the-line technology with Dometic's TJ Series of premium refrigerators with freezer compartments. CR refrigerator/freezers are constructed for the rigors of marine use, but designed to compliment any galley or cockpit.

Each TJ Series appliance is equipped with a premium Danfoss BDF compressor that operates on DC or AC power. These state-of-the-art units are designed to replace existing refrigerators and give your galley an updated, modern look. The doors and shelving systems are exceptionally strong. The latch system is designed to withstand rough treatment and resist accidental opening. The moveable shelves lock in place and will not budge even under rough seaways.

Key Benefits

- 12/24 volts DC; 115/230 volts AC (optional on most models).
- Adjustable locking shelves for efficient use of interior space and safety underway.
- Rigid external metal chassis.
- New, stronger door latch system.
- Magnetic sealing gasket for door.
- Bright interior light.
- Stainless-steel finish available.
- Flush-mount flange available on most models.
- UL, CSA, and CE approved.
- Freezer compartment optimizes efficiency with an insulated door.
- Available in several shapes and sizes.

- Bright interior light, plastic interior.

- Sturdy door handle.

- Wrapped door.
